

10:25 Russia deploys TikTok 'trolls' to spread information online

Today the British Government have put out an official press release headed "UK exposes sick Russian troll factory plaguing social media with Kremlin propaganda" saying a troll factory is targeting politicians and baiting audiences across a number of countries including the UK, South Africa and India. Dr. Sanjana Hattotuwa is a researcher with the Te Pūnaha Matatini Disinformation Project and specialises in social media communications strategy.
